MERGERSCORP

Centrale idroelettrica da 33 MW (4x HPP)

Il Kazakistan dispone di abbondanti risorse idriche, concentrate soprattutto nelle regioni orientali e meridionali del Paese. Oggi, 15 grandi centrali idroelettriche (>50 MW) con una potenza totale di 2,25 GW rappresentano fino al 13% della capacità produttiva totale del Paese.

Il Kazakistan si propone come un paese promettente per lo sviluppo e la realizzazione di progetti idroelettrici sul proprio territorio. Lo Stato si è prefissato l'ambizioso obiettivo di raggiungere, entro il 2050, una quota del 50% della produzione nazionale di energia elettrica proveniente da fonti rinnovabili (di seguito denominate "FER").

Le risorse idroelettriche sono distribuite su tutto il territorio nazionale, ma tre aree ne dispongono in quantità particolarmente abbondante: il bacino del fiume Irtysh e i suoi principali affluenti (Bukhtarma, Uba, Ulba, Kurchum, Kardzhil), la zona sud-orientale con il bacino del fiume Ili e la zona meridionale con i bacini dei fiumi Syrdarya, Talas e Chu.

Panoramica

Lo scopo del progetto è la costruzione di 4 cascate di piccole centrali idroelettriche con una potenza totale di 33,00 MW

Il progetto ha una portata locale e regionale. Il progetto ha lo scopo di coprire la parte fondamentale dei programmi di carico elettrico del centro energetico di Almaty, nella regione di Almaty della Repubblica del Kazakistan. La cascata sul fiume è formata da 4 piccole centrali idroelettriche. Ogni centrale idroelettrica della cascata è un insieme di opere idrauliche e impianti tecnologici che trasformano l'energia potenziale dell'acqua in energia meccanica del flusso e poi in energia elettrica, che viene poi distribuita agli utenti.

Punti chiave

- Stato: Pronto per la costruzione
- Obiettivi del progetto: Realizzazione di una cascata di piccole centrali idroelettriche nella regione di Almaty con l'obiettivo di: fornire energia elettrica a basso impatto ambientale ai consumatori della regione di Almaty; aumentare l'affidabilità del sistema energetico della regione. – ridurre la carenza di energia elettrica nella regione di Almaty.
- Potenza installata: 33 MW (stima)
- Produzione di energia elettrica: 140 GW/anno (stima)
- Tariffa elettrica con IVA/senza IVA: 41,23 tenge per kWh (0,093 USD/kW) Tecnologia: gruppi idroelettrici con turbine radiali-assiali (2 turbine "Ossberger" per 4 centrali idroelettriche)

TARGET PRICE
$12,500,000

GROSS REVENUE
$0

MERGERSCORP M&A INTERNATIONAL IS A GLOBAL BRAND OPERATED BY MERGERSUS INC.A US CORPORATION WITH REGISTERED OFFICE AT 40TH WALL STREET, SUITE #2725, NEW YORK, NEW YORK 10005, UNITED STATES OF AMERICA.

The information contained herein does not constitute an offer to sell or a solicitation of an offer or a recommendation to purchase securities under the securities laws of any jurisdiction, including the United States Securities Act of 1933, as amended, or any US state securities laws, or a solicitation to enter into any other transaction

The projected financial information contained in the Memorandum is based on judgmental estimates and assumptions made by the management of the target Company, about circumstances and events that have not yet taken place. Accordingly, there can be no assurance that the projected results will be attained. In particular, but without prejudice to the generality of the foregoing, no representation or warranty whatsoever is given in relation to the reasonableness or achievability of the projections contained in the Memorandum or in relation to the bases and assumptions underlying such projections and you must satisfy yourself in relation to the reasonableness, achievability and accuracy thereof.

By delivering this Memorandum, neither MergersUS Inc., nor its authorized agents are making any recommendations regarding the acquisition or strategies outlined herein. Interested parties shall exercise independent judgment in, and have sole responsibility for, determining whether an acquisition of the Company is suitable for them, and neither MergersUS Inc, nor its authorized agents have responsibility to, and will not, monitor the condition of interested parties to determine that an acquisition is or remains suitable for them. Among other things, suitability of an acquisition will depend upon an interested party's investment and business plans and financial situation.

This document is prepared for information purposes only. It is made available on the express understanding that it will be used for the sole purpose of assisting the recipients to decide whether they wish to proceed with a further investigation of the Proposed Transaction.

The recipients realize and agree that this document is not intended to form the basis of any investment decision or any other appraisal or decision regarding the Proposed Transaction, and does not constitute the basis for the contract which may be concluded in relation to the Proposed Transaction.

All information contained in this document may subsequently be updated and adjusted. MergersUS Inc. has not independently verified any of the information contained herein or on which this document is based. Neither the Company, nor its management or shareholders, nor MergersUS Inc. , nor any of their respective directors, partners, officers, employees or affiliates make any representation or warranty (express or implied) or accept or will accept any responsibility or liability regarding or in relation to the accuracy or completeness of the information contained in this document or any other written or oral information made available to any interested party or its advisers. Any liability in respect of any such information or any inaccuracy in or omission from the document is expressly disclaimed.
